

Manufacturer's Certification Statement

2009 / 2010 Energy Tax Credits – American Recovery and Reinvestment Act of 2009

Custom Built Window & Door Systems, Inc. certifies that the following products, as noted, qualify for federal tax credits for energy efficient building products as defined in the American Recovery and Reinvestment Act of 2009. The products must meet a U-Value and Solar Heat Gain Coefficient of less than or equal to 0.30.

Series	Glazing
Saturn	Low-E : Argon : Super Spacer
Imperial	Low-E : Argon : Super Spacer
Royalwood	Low-E : Argon : Super Spacer
Point 1*	Any
Custom 100*	Any
Storm Doors*	Any

*Per IRS code, these series qualify for the tax credits when combined with products which meet the criteria.

More detailed product information, including actual performance ratings for our vinyl products can be found on our website custombuilt.com.

This certificate should be retained with your tax records, however it is not required to be submitted with your tax returns. Specific information with regards to the tax credits can be found at energystar.gov and irs.gov.

I declare that I have examined this Certification Statement, and to the best of my belief and knowledge, the facts are true and complete.

John E. Gardner, III
